1.01: Scope and Purpose

M.G.L. c. 55 regulates all campaign finance activity for state, county, city and town elections and regional school and other district elections in the Commonwealth. 970 CMR 1.00 provides for the regulation of activity which is often engaged in by political committees. It establishes specific guidelines for transactions such as debt settlements, the acceptance and reporting of campaign contributions and loans from candidates to their political committees.

1.02: General Provisions

- (1) Authority. 970 CMR 1.00 is promulgated under authority and in conformity with M.G.L. c. 55, §§ 3 and 6 and M.G.L. c. 30A.
- (2) Amendments. 970 CMR 1.00 may be amended at any time, and such amendments shall take effect in accordance with M.G.L. c. 30A, § 6.
- (3) The term political committee as used in 970 CMR shall, unless the context otherwise requires, also apply to a candidate's account, as provided for in M.G.L. c. 55, § 2, and shall apply to all transactions and activities of said account.
- (4) The term candidate as used in 970 CMR shall, unless the context otherwise requires, also apply to the candidate committee organized on behalf a candidate in accordance with M.G.L. c. 55.
- (5) In any town having elections in November, candidates and committees required to file reports relating to such elections shall file reports in accordance with the schedule established in M.G.L. c. 55, § 18(b) for cities.

1.03: Debts

- (1) Corporate Debts. Corporate debts for goods and services may not be settled for less than the amount owed unless both the business corporation and political committee treat the debt in a commercially reasonable manner. 970 CMR 1.03 shall not apply to a debt which is the subject of a dispute between a political committee and a creditor involving questions of satisfactory delivery of goods or services, or the amount owed. In order for a settlement of such a debt to occur all of the following requirements must be met:
  - (a) Credit was extended in the ordinary course of business similar to terms granted to other political and non-political debtors.
  - (b) The committee has made commercially reasonable efforts to satisfy the debt.
  - (c) The creditor has pursued remedies to seek payment in the same manner it normally takes against debtors in a financial condition similar to the committee.
  - (d) The settlement is similar to others the creditor has made with other debtors, and similar to settlements the committee has proposed to its other creditors.

1.03: continued

(e) The length of time prior to settlement is consistent with normal business and trade practice.

(f) A political committee or candidate must file with this office a Statement of Settlement, which is subject to review, within 30 days of any such settlement. All Statements of Settlement must be signed by the Treasurer and Candidate of the political committee, and a duly authorized agent of the corporation.

(2) Noncorporate Debts. Debts to individuals or unincorporated proprietors may be settled for less than the amount owed in the same manner as provided in 970 CMR 1.03(1), or by meeting each of the following requirements:

(a) The amount forgiven is set forth in a letter of forgiveness and when considered together with amounts contributed from the same individual, is no more than the amount said individual may contribute in accordance with M.G.L. c. 55 or 970 CMR.

(b) The political committee must report any debt which is forgiven as an in-kind contribution.

(3) Definition of "Liability". For purposes of M.G.L. c. 55, a "liability" is an obligation to make an expenditure which arises when a candidate or political committee, or person acting on behalf of a candidate or political committee, receives the proceeds of a loan or a good or service for the purpose of influencing the nomination or election of a candidate or for the purpose of promoting or opposing a question submitted to the voters, or is otherwise legally obligated to make a payment.

1.04: Contributions

(1) A contribution which is made by a check which reflects a joint checking account of two individuals shall be presumed to be from the individual whose signature appears on the check, unless other information is provided, in writing, by either individual whose names appear on the check, that the true contributor(s) is different than the signature that appears on the check.

(2) No check reflecting the name of a business corporation may be solicited or received by any candidate or political committee, other than a ballot question committee.

(3) A contribution by a partnership shall be attributed to each partner of the partnership:

(a) In direct proportion to his or her share of the partnership profits, according to instructions which shall be provided by the partnership to the political committee or candidate; or

(b) By agreement of the partners, as long as:

1. Only the profits of the partners to whom the contribution is attributed are reduced (or losses increased), and

2. These partners' profits are reduced (or losses increased) in proportion to the contribution attributed to each of them.

A contribution by a partnership shall not exceed the limitations on contributions by individuals established by M.G.L. c. 55. No portion of such contribution, except a contribution to a ballot question committee, may be made from a corporation subject to M.G.L. c. 55, § 8 that is a partner.

(4) Contributions which are received by ticket sellers must be disclosed as contributions from original and true contributors in the amount given by them.

(5) Anonymous contributions may not be accepted and shall, if unable to be returned to the contributor, be donated within 30 days of receipt, to an entity or entities specified in the residual funds clause, M.G.L. c. 55, § 18, or in a manner consistent with 970 CMR 2.05(2)(w) or 970 CMR 2.06(3)(a). Candidates and political committees must keep records reflecting such contributions.

(6) Any corporation or any other entity which is prohibited from making a particular contribution may not reimburse an individual for any contribution made by that individual.

1.04: continued

(7) Any contribution received by a candidate or political committee, which is returned to the contributor in its original form, is deemed to have not been accepted and therefore need not be reported.

(8) Candidates and committees shall exercise their best efforts to determine whether contributions are legal at the time of receipt. Any contribution which is believed by a candidate or committee to be illegal under M.G.L. c. 55 or any other law prior to its deposit into the account of a political committee or candidate shall be returned to the contributor in its original form. Any contribution which is believed by a candidate or committee to be illegal, subsequent to its deposit, shall be refunded to the contributor immediately. This refund shall be in the form of a check written to the contributor on the account of the candidate or political committee into which the original contribution was deposited. When the director determines a contribution to be illegal, the director may either require the contribution to be refunded to the contributor, or alternatively, he may require the contribution to be disgorged through a payment by the candidate or committee to the Commonwealth.

(9) A political committee or candidate may elect to refund a contribution, subsequent to its deposit, under the following circumstances:

(a) The political committee or candidate determines that the receipt of the particular contribution creates an appearance of a conflict of interest or other possible impropriety. Such a refund would be appropriate, for example, where the receipt of a particular contribution might reasonably be interpreted to create an impression that a contributor can improperly influence or unduly enjoy official favor, or exercise undue influence.

(b) The political committee or candidate has established, or establishes, a refund policy regarding contributions from a particular category or type of contributor. This policy, and the refund of such contributions, must be stated and applied in an open and consistent manner.

(c) Except as provided in 970 CMR 1.04(9)(d), contributions may be refunded to some or all contributors making contributions to a candidate or committee for any reason if refunds are made within 90 days of receipt of such contributions.

(d) Contributions may be refunded within 90 days of receipt because of the termination of a particular candidacy. Such refunds shall be calculated in accordance with 970 CMR 1.04(9)(d)1. or 2.:

1. refunds may be made on a *pro rata* basis; or

2. refunds may be made on a "last in, first out" basis, *i.e.*, the most recent contribution will be refunded in full and the remaining balance will be used to refund each contribution in the reverse order of receipt.

(e) Except as expressly provided, 970 CMR 1.04 shall not be construed to affect the requirements of 970 CMR relating to the disposition of residual funds by candidates and political committees.

(10) Membership Communications. Communications from membership organizations, not including a corporation subject to M.G.L. c. 55, § 8, to its members and their families, on any subject, shall not be understood to be a contribution or expenditure.

(11) Money Orders. No person, candidate or political committee shall make a contribution of money, if the aggregate amount contributed in a calendar year exceeds \$50.00, except by check, or by credit or debit card in accordance with 970 CMR 1.09. For the purposes of 970 CMR, the word "check" shall, unless the context otherwise requires, mean a check on which the contributor is directly liable or which is written on a personal, escrow, trust, partnership, business or other account which represents or contains the contributor's funds and shall not mean a certified check, cashier's check, treasurer's check, registered check, money order, traveler's check or other similar negotiable instrument.

(12) Contribution Limitations. Contributions from individuals, candidates and political committees to candidates and political committees shall comply with the contribution limitations set forth in the following chart:

## 1.04: continued

<sup>1</sup> "Constitutional candidates" include candidates for governor, lieutenant governor, attorney general, state secretary, treasurer and receiver general, and auditor.

<sup>2</sup> PACs are committees that are not candidate committees, political party committees or ballot question committees. However, if the PAC (1) only receives contributions from individuals in an amount of \$100\* or less in any calendar year, (2) has been in existence for at least six months, and (3) contributes to five or more candidates, it may request a change in its status to that of a "people's committee."

<sup>3</sup> Individuals under 18 years of age have a \$25 annual aggregate contribution limit.

<sup>4</sup> People's committees are prohibited from receiving more than \$100\* in a calendar year from any individual.

<sup>5</sup> The maximum aggregate contribution which may be made to all political party committees of one party, including committees organized on the state, ward, town, and city level, is \$5,000.

<sup>6</sup> Legislative and executive agents are also subject to the aggregate limitation on contributions placed on individual contributors.

<sup>7</sup> Contributions only for "enhancement of the political future of the candidate."

<sup>8</sup> M.G.L. c. 55, § 6B does not specify a limit on how much can be donated to another ballot question committee, except to state that such contributions must be "consistent with the purpose for which [the committee was] organized."

<sup>9</sup> A PAC, people's committee, or party committee is not subject to the \$500 limit on contributions to a ballot question committee during a calendar year if such contributions "enhance the principle for which the committee was organized."

<sup>10</sup> This limit is only on contributions made in money. There is no limit on in-kind contributions by party committees to candidates.

<sup>11</sup> A candidate contributing from the candidate's own funds is subject to the \$500 individual limit, not the \$100 limit.

\* Subject to biennial indexing.

(13) A candidate or ballot question committee may establish a separate account to receive money to pay for legal expenses arising from a recount. The funds received, if deposited into this separate account and not raised through the use of funds in the candidate's or ballot question committee's campaign account, are not "contributions" subject to the restrictions and reporting requirements of M.G.L. c. 55.

1.05: Loans

(1) All loans by a candidate to the political committee organized on behalf of that candidate are subject to the following:

- (a) If the candidate borrows money with interest from a banking institution in the ordinary course of business, and if he lends those same funds to his political committee, he may charge his committee the exact terms he is being charged by the banking institution, provided however, that he may do so only on the exact amount he has loaned to his committee from funds loaned to him by the banking institution.
- (b) If a candidate makes a loan to his political committee from his own personal funds without having secured a bank loan he may not charge his committee interest or any other costs.

1.05: continued

(2) Statutory Limitations.

(a) Candidates for any statewide office and for the offices of state senator and state representative shall not loan, per election, more than the following amounts to their committee:

Governor, Lieutenant Governor	\$200,000
Secretary of State	\$150,000
Treasurer	\$150,000
Auditor	\$150,000
Attorney General	\$150,000
State senator	\$50,000
State representative	\$30,000

(b) For the purpose of 970 CMR 1.05, the phrase "per election" shall mean any regular or special preliminary or primary election, or any regular or special general election and shall include the period between the prior relevant primary or election and the following primary or election. For example, a state senator may loan his committee \$50,000 for the period between the prior November election and the following September primary which occurs approximately 22 months later, and loan an additional \$50,000 for the period between that September primary and the following November election.

(c) All other candidates may make loans to their committees in unlimited amounts.

1.06: Limitations on Contributions by Political Committee

(1)(a) Pursuant to and only for the purposes of the contribution limitations in M.G.L. c. 55, § 6, contributions shall be considered to be made by a single political committee if made by more than one political committee established, financed, maintained, or controlled by any person, including any parent committee of a subsidiary committee or any person other than a natural person.

(b) Two or more political committees may be considered to be a single political committee for the purposes of the contribution limitations in M.G.L. c. 55, § 6, if such committees make contributions to one or more of the same candidates or political committees and if at least one of the following indicia of a person establishing, financing, maintaining or controlling such committees exist:

1. Such person possesses one or more of the following with respect to each of the political committees:
  - a. Ownership of a controlling interest in voting rights, shares or securities of one or more of the political committees in question or of a person having control over such committee or committees, if any;
  - b. The authority, power, or ability to direct or control the activities of one or more of the political committees in question or of a person having control over such committee or committees, if any; or
  - c. The authority, power, or ability to hire, appoint, discipline, discharge, demote, or remove or otherwise influence the decision of the officers or members of one or more of the political committees in question or of a person having control over such committee or committees, if any.
2. Each of the political committees having the same, or substantially the same, persons as principal officers or members;
3. Each of the political committees reach decisions regarding expenditures made to one or more candidates or political committees in cooperation, consultation or concert with, or at the request or suggestion of, each other or of a person having control over such committees, if any;
4. The transfer of funds between the political committees which represent a substantial portion of the funds of either the transferor or transferee political committee;
5. Contributions to the political committees by the same person or persons, which contributions represent a substantial portion of the contributions received by each of said political committees; or
6. The use of shared administrative resources, including but not limited to office space, equipment or personnel, by the political committees.

## 1.06: continued

- (2)(a) Pursuant to and only for the purposes of the contribution limitations in M.G.L. c. 55, § 6, contributions made by the state committee of a political party and contributions made by any ward or town political committee of the same political party shall be considered to be made by separate political committees.
- (b) Pursuant to and only for the purposes of the contribution limitations in M.G.L. c. 55, § 6, contributions made by a political committee established, financed, maintained, or controlled by one or more ward or town political committee of a political party, including but not limited to a city political committee, and contributions made by such ward or town political committee(s) shall be presumed to be made by one political committee.
- (c) Pursuant to and only for the purposes of the contribution limitations in M.G.L. c. 55, § 6, contributions shall be presumed to be made by one political committee if made by political committees established, financed, maintained, or controlled by:
1. a single corporation or its subsidiaries (to the extent such political committees are permitted pursuant to M.G.L. c. 55);
  2. an organization of national or international unions or local central bodies;
  3. a single national or international union or any of its local unions or other subordinate organizations; or
  4. a membership organization, including but not limited to a trade or professional association or any state or local entities related to such organization or association.
- (d) The presumptions contained in 970 CMR 1.06(2)(b) and 970 CMR 1.06(2)(c) may be rebutted if the political committees in question present credible evidence that they have not made contributions in cooperation, consultation or concert with, or at the request or suggestion of each other or of any person who has established, financed, maintained or controlled such political committees. If the presumptions contained in either 970 CMR 1.06(2)(b) or 970 CMR 1.06(2)(c) are rebutted by credible evidence, the political committees in question nevertheless remain subject to the provisions of 970 CMR 1.06(1)(b).

1.07: Contributions by Conduits and Intermediaries

- (1) Generally. Contributions gathered and delivered to a candidate through an intermediary or conduit ("bundled" contributions) are treated not only as contributions from the person making the contribution but also as contributions from the intermediary or conduit, if the intermediary or conduit is a "regulated intermediary," and at least one of the contributions is greater than \$100, subject to biennial indexing.
- (2) Regulated Intermediaries. Regulated intermediaries include:
- (a) political action committees and their officers, employees and agents;
  - (b) legislative agents and executive agents, and employees or agents acting on their behalf;
  - (c) lobbying organizations and their officers, employees or agents acting on behalf of the organization; and
  - (d) persons responsible for delivering "pooled contributions" from a corporation's officers or employees.
- (3) Contributions "Through an Intermediary or Conduit".
- (a) contributions "through an intermediary or conduit" include either:
    1. contributions delivered, in person or by mail, to a particular candidate or candidate's committee; or
    2. contributions to a particular candidate or candidate's committee made in a manner that identifies in writing the person who arranged the making of the contributions.
  - (b) personal contributions made by a regulated intermediary are not made "through an intermediary or conduit."
  - (c) contributions from a political action committee or lobbying organization which are delivered by an officer or agent of the political action committee or lobbying organization are not made "through an intermediary or conduit."
  - (d) the reporting and attribution requirements of M.G.L. c. 55, § 10A apply only if two or more contributions are made through a regulated intermediary.
  - (e) contributions received by a candidate pursuant to a written or oral solicitation by a regulated intermediary are not subject to the provisions of M.G.L. c. 55, § 10A unless the regulated intermediary delivers the contributions to a candidate or the contributions are made in a manner that indicates, in writing, that the contributions were arranged by the regulated intermediary.

1.07: continued

(4) Reporting of bundled contributions.

(a) Regulated intermediaries who deliver or arrange for the making of contributions to a candidate shall file reports, on a form prepared by the director, with the office, or a city or town election official, if applicable, and shall provide a copy of the completed report to the candidate, identifying the original source and the intended recipient of each contribution. A copy of the report shall be delivered to the candidate on the date the candidate receives the contribution, and within ten days thereafter, the original report shall be filed with the director, or with a city or town election official, if applicable.

(b) The report of bundled contributions shall set forth the following information:

1. The name and residential address of the original contributors;
2. The occupation and employer of the original contributors, if the contribution is \$200 or more;
3. The amount of each contribution;
4. The intended recipient;
5. The name and residential address of the regulated intermediary; and
6. The basis for the regulated intermediary's being regulated by M.G.L. c. 55, § 10A, (whether the intermediary is a PAC, legislative agent, person arranging pooled corporate contributions, or other regulated intermediary);
7. The dates contributions are delivered to a candidate;

(c) Candidates receiving contributions through regulated intermediaries shall report only the original source of the contributions on their candidate reports and attach a copy of the report required to be filed with the candidate by 970 CMR 1.07(4)(a) and (b).

(d) Candidates shall keep copies of the reports received from regulated intermediaries for six years from the date of the relevant election, together with other records required to be kept by M.G.L. c. 55, § 2.

1.08: Reporting of Contributors' Occupation and Employer

(1) Generally. All candidates and political committees must report both the occupation and the employer or employers of each person whose contribution or contributions in the aggregate equal or exceed the sum of \$200 within any one calendar year. Contributions received after the first \$200 is received during a calendar year must be refunded if occupation and employer information is not obtained and reported after the exercise of a candidate or committee's best efforts, as defined in 970 CMR 1.08(2).

(2) Exception to Obligation to Disclose - Best Efforts. Contributions may be kept by a committee if the committee, after exercising best efforts to obtain the information, is not able to obtain the information from a contributor after making a request when the contribution is solicited and an additional written request. For the purposes of 970 CMR 1.08, best efforts shall include the following:

(a) The first request for such information must be made, orally or in writing, at the time the contribution is solicited, if a contribution is \$200 or more.

(b) If the required information regarding both occupation and employer is not provided at the time of receipt of the contribution, an additional written request addressed to the contributor must be made within 45 days of a committee's receipt of any contribution which brings the total received to \$200 or more during a calendar year. The written request must specifically identify the contributor.

(c) If the initial request is made at the time of solicitation and the subsequent written request is made in a timely manner as provided in 970 CMR 1.08(2)(b) and the requested information is not provided by the contributor, the committee may keep the contribution without reporting the occupation and employer information to the director or the city, town or district election official. Committees should note on their campaign finance reports, however, that a letter was sent in compliance with 970 CMR 1.08(2)(b).

(d) If a candidate or treasurer of a committee determines that information provided by a contributor is incomplete, but wishes to keep the contribution, the committee must keep records reflecting all attempts made by the committee to obtain the required information.

1.08: continued

(3) Obligation to Report Additional Information. If a committee files a campaign finance report which contains incomplete occupation and employer information regarding a contributor and subsequently obtains the required information, the committee must submit written notification to the director or city, town or district election official reflecting receipt of the correct information, and supplementing the information previously filed. Such supplemental information must be submitted within 30 days of its receipt by the committee.

1.09: Contributions by Credit or Debit Card

(1) Definitions. For the purpose of making and receiving contributions by credit or debit card pursuant to M.G.L. c. 55, § 9 and 970 CMR 1.09, the following terms shall have the following meanings:

Cardholder means the person or political committee whose name appears on a credit or debit card and who is directly liable for the payment of any credit extended or funds expended.

Card Issuing Bank means the bank or other financial institution that issues a credit or debit card.

Credit or Debit Card means a card or other similar device issued by a card issuing bank or other business authorizing the cardholder to buy goods or services.

Merchant Provider means a bank or other business authorized to process credit or debit card transactions.

Paper Record means a credit or debit card receipt or other printed record documenting a credit or debit card transaction.

Vendor means an individual or entity other than a merchant provider that provides services for campaign fundraising on the Internet to candidates and political committees.

(2) Contributions by Credit or Debit Card Made Over the Internet.

(a) Credit or Debit Card and Internet Agreements. A candidate or political committee may enter into an agreement with a vendor or merchant provider in order to receive contributions by credit or debit card over the Internet. Any such agreement must comply with M.G.L. c. 55, § 9 and 970 CMR 1.09. In addition to any other requirements of 970 CMR 1.09, such agreement must demonstrate compliance with the following:

1. The financial agreement between the candidate or political committee and the vendor or merchant provider must be consistent with customary and usual business practices.
2. The vendor or merchant provider may not provide a discount or other financial incentive to a candidate or political committee that is not available to any other candidate, political committee or the general public.
3. The candidate or committee must, in addition to being responsible for any portion of contributions deducted during processing by the vendor or merchant provider, also pay any applicable additional fees established by the vendor or merchant provider.

(b) Web Site: Screening and Compliance. The vendor or merchant provider, or the candidate or political committee, shall cause to be displayed on the contributor's computer screen appropriate questions requiring a response from the contributor to determine whether the source and amount of a contribution complies with M.G.L. c. 55 and 970 CMR 1.09. Such questions shall require the contributor to answer with an affirmative act such as clicking the cursor in a box or pressing the enter key on the computer keyboard. In addition, a Web site that is used to solicit contributions by credit or debit card must:

1. clearly identify the name of the candidate or political committee that is using the Web site to solicit such contributions via the Internet,

## 1.11: continued

(2) Pursuant to M.G.L. c. 55, § 18C(h), electronic campaign finance reports and financial activity statements created and filed with the Director shall be electronically signed by means of the following process:

(a) Authentication. The EFS shall be maintained on secure servers. Access to the EFS servers for the purpose of creating and submitting electronic records shall be accomplished by a login protocol requiring users to input both their CPF ID number and a unique eight-digit, alpha-numeric password.

(b) Demonstration of Intent to Sign the Record. A user shall demonstrate his or her intent to electronically sign an electronic campaign finance report or financial activity statement by the affirmative act of clicking through an electronic interface to file an electronic record with this office. The electronic interface that this office shall employ for electronically signing records will provide written notice upon the web page presented to the user for electronic signature that clearly indicates to the user that the click-through method used is a binding signature and the pages or data to which the user is agreeing when he or she signs electronically.

(c) Binding. The electronic signature shall be bound to the electronic record(s) by two means: the candidate's, committee's or depository bank's CPF ID number shall be encoded into the electronic record(s) at the time of its creation; and at submission, each signed electronic record shall be assigned a unique transaction identification number maintained on the EFS secure server. Proof of electronic signature shall be provided to the user at the time of signing the record(s) in the form of a file submission receipt that shall clearly identify the user's CPF ID number and the transaction number for the electronic record(s) submitted.

(d) Data Integrity. The Director shall ensure the data integrity of the signed electronic records submitted, stored and maintained in the EFS by:

1. employing encryption technology for the transmission of data from remote locations to the EFS secure servers;
2. managing the servers so that the EFS provides an audit trail for every electronic record created, submitted and stored in the EFS; and
3. by immediately electronically locking electronic records at signing so that they cannot be subsequently altered.

(e) Notice. Pursuant to M.G.L. c. 55, § 18C(h), notice shall be provided on the web page presented to the user for electronic signature that electronic records shall be signed under penalties of perjury as required by M.G.L. c. 55, § 24 and 970 CMR 2.14(6). Such electronic signature shall, in the case of a candidate's committee report, be attributable to both the candidate and the duly appointed treasurer of the candidate's political committee, in the case of other types of committees, to the duly appointed treasurer of the political committee or, in the case of depository banks, to the cashier or treasurer of the bank.

(3) The requirement to file electronically commences at the start of the election cycle and not when the statutory thresholds provided in M.G.L. c. 55, § 18C(b) are exceeded. Candidates and political committees required to electronically file must commence electronic filing at the beginning of an election cycle if they anticipate raising or spending more than the statutory thresholds provided in M.G.L. c. 55, § 18C(b) during that election cycle. Candidates and political committees that do not commence electronic filing at the start of an election cycle and who subsequently exceed the statutory thresholds provided in M.G.L. c. 55, § 18C(b) during the election cycle shall be required to immediately commence filing campaign finance reports electronically. Said candidates and political committees shall further be required to electronically file all campaign finance reports required to be filed in accordance with the campaign finance reporting schedules set forth in M.G.L. c. 55, §§ 18 and 19 from the start of the election cycle.

(4) Once a candidate or political committee exceeds the electronic filing threshold and therefore is required to file electronically, the candidate or committee must continue to file all subsequent campaign finance reports electronically, including all reports due in future election cycles, regardless of the amounts raised or spent in future election cycles.

(5) All electronic reports shall be filed in the EFS via the Internet using software approved by the Director. If the Director determines that a candidate, political committee or depository bank is not able otherwise to file electronically, the Director may, in his discretion, allow the candidate, political committee or depository bank to file an electronic report by disk or e-mail

(4) A copy of the candidate's most recent Campaign Finance Report (OCPF Form CPF M102) as filed with the local election official must also be filed with the Office of Campaign and Political Finance. The next filing with OCPF will report activity from the day following the ending date of such report.

(5) If at the time of transfer the candidate's account shows a cash balance or any outstanding liabilities, copies of all campaign finance reports subsequently filed with the Office of Campaign and Political Finance must also be filed with the local election official. Copies of such campaign finance reports must continue to be filed with the local election official until the liabilities indicated at the time of transfer have been satisfied and any cash balance shown at the time of the transfer has been exhausted.

(6) While a candidate continues to seek or hold office at both the state or county and municipal level, reporting requirements with both the Office of Campaign and Political Finance and the local election official will continue.

(7) A candidate not initially required to appoint a depository under M.G.L. c. 55, § 19 who later seeks an office which causes the candidate to be required to appoint a depository in accordance with M.G.L. c. 55, § 19, shall become subject to depository reporting requirements on whichever of the following dates is the earliest:

2.01: Scope and Purpose

M.G.L. c. 55 is a comprehensive and specific statute which covers a variety of areas concerning the financing of political campaigns in the Commonwealth for state, county, city and town elections. It regulates the sources from, and manner in which, campaign funds may be raised and spent. It provides for the disclosure of all contributions received and expenditures made. The statute also regulates certain conduct surrounding the raising and spending of campaign funds, such as the activities of public employees.

970 CMR 2.00 is promulgated pursuant to M.G.L. c. 55, § 6 which is concerned with political expenditures. In accordance with the statute, 970 CMR 2.00 governs two different categories of political committees. Political committees which are established on behalf of candidates for statewide offices are governed by 970 CMR 2.05, and as such can only expend campaign funds for reasonable and necessary expenses directly related to the campaign of the candidate, as 970 CMR 2.05 provides. All ballot question committees, non-statewide candidate committees, people's committees, political action committees, party committees and any other political committees are governed by 970 CMR 2.06. As such, these political committees can only expend campaign funds for the enhancement of the political future of the candidate or principle for which the committee was organized, as 970 CMR 2.06 provides. Notwithstanding any of the above, M.G.L. c. 55, § 6 strictly prohibits any expenditure the purpose of which is primarily for a candidate's or any other person's personal use.

970 CMR 2.00 governs all expenditures by political committees organized for the purpose of participation in Massachusetts campaign finance activity.

An expenditure by a candidate committee or political party committee for the purpose of making a joint expenditure with another candidate or political party committee is permitted only if the primary purpose of the expenditure is the promotion of the nomination or election of the candidate whose committee makes the expenditure, or the promotion of the political party for which the committee was organized.

(3) Resulting Contribution. An expenditure by any political committee made in connection with another political committee which is not expressly authorized by 970 CMR 2.11 or does not comply with the requirements of 970 CMR 2.11, shall be considered a contribution as defined by M.G.L. c. 55, §1 from the committee making the expenditure to the other committee(s) involved in and benefiting from the expenditure, and will be subject to the contribution limitations of M.G.L. c. 55, §§ 6, 6A and 6B.

(4) Cost Allocation. Costs incurred pursuant to 970 CMR 2.11 shall be allocated between the participating committees according to the benefit reasonably expected to be derived by each committee based upon factors that include, but are not limited to, the amount of print space, airtime, consultant or staff time, or office space allocated to each committee, or the comparative benefit or use of goods or services received by each committee. The relative prominence or popularity of the participating candidates are not appropriate factors to consider when allocating costs for joint expenditures.

(5) Distribution of Joint Campaign Materials. Candidate committees or political party committees making expenditures to purchase joint campaign materials shall distribute such materials in a manner which benefits each candidate or committee.

(6) Reporting.

(a) Each candidate or committee making joint expenditures must disclose the expenditures to the director, or with the local election official, if applicable, in campaign finance reports as required by M.G.L. c. 55, §§ 18 and 19. Each participating candidate or committee's report must identify the other candidate(s) or committee(s) participating in the joint expenditure.

(b) Reports shall be filed according to the schedule provided in M.G.L. c. 55, §§ 18 and 19.

(7) Maintenance of Records. Each candidate committee or political party committee making joint expenditures must maintain complete records, consistent with M.G.L. c. 55, §§ 2 and 5, reflecting all expenditures made.

(8) Exemptions for Certain Committees. Through the 30<sup>th</sup> day after the relevant general election, 970 CMR 2.11(2) and 2.11(4) shall not apply to joint expenditures by committees organized to promote candidates for Governor and Lieutenant Governor once they are deemed to be running as a ticket in the general election if the primary purpose of the expenditure is the promotion of the election of the candidates' ticket. For the purposes of 970 CMR 2.11(8), the following candidates are deemed to be running as a ticket in the general election:

(a) party candidates who have been nominated at a primary election; or

(b) designation and unenrolled candidates who have been jointly nominated pursuant to M.G.L. c. 53.

2.11: continued

(9) Joint Campaign Events. Two or more Massachusetts candidate committees or political party committees may sponsor a joint campaign event if they allocate costs according to the benefit reasonably expected to be derived by each committee, they each pay vendors directly, and they each have contributors write checks directly to sponsoring committees. If a joint campaign event is held in this manner, the provisions of 970 CMR 2.12(2) and 2.12(3) are not applicable. Each candidate or committee sponsoring a joint campaign event must maintain complete records, consistent with M.G.L. c. 55, §§ 2 and 5, regarding the event.

## 2.12: Joint Fundraising Events

(1) Massachusetts candidates and political party committees may jointly sponsor fundraising events as provided in 970 CMR 2.12.

(a) One or more state or local committees of a political party may sponsor a joint fundraising event with one or more candidates or candidate committees only by forming a "special committee." The name of the committee must comply with M.G.L. c. 55, § 5.

(b) One or more candidates or candidate committees may sponsor a joint fundraising event with other candidates or candidate committees.

(c) One or more political party committees may sponsor a joint fundraising event with other political party committees.

(d) Committees sponsoring a joint fundraising event, except those candidates and committees which have established a special committee, must designate an individual to be a "joint fundraising agent" to make expenditures, accept contributions, allocate proceeds and maintain records in accordance with 970 CMR 2.12.

(e) All funds received by a special committee or joint fundraising agent must be deposited in a separate, segregated account designated for that purpose.

(f) Political action committees and people's committees may not sponsor joint fundraising events with any candidate or committee.

(g) Ballot question committees may not sponsor joint fundraising events with candidates or candidate committees.

(2) Expenditures incurred and contributions received by candidates and committees sponsoring joint fundraising events are subject to the following restrictions.

(a) Primary Purpose of Expenditure.

1. An expenditure by a sponsoring committee in connection with a fundraising event is permitted only if the primary purpose of the expenditure is the enhancement of the political future of the candidate or the enhancement of the political party for which the committee was organized.

2. An expenditure by a sponsoring committee in connection with a joint fundraiser which does not comply with the requirements of 970 CMR 2.12(2)(a)1., shall be considered a contribution as defined by M.G.L. c. 55, § 1 from the committee making the expenditure to the committee benefiting from the expenditure and will be subject to the contribution limitations of M.G.L. c. 55, § 6.

(b) Allocation of Expenditures and Liabilities.

1. Funding of Special Committee or Joint Fundraising Agent. To the extent the committees sponsoring an event provide funds to a special committee or joint fundraising agent to allow the special committee or joint fundraising agent to make expenditures in connection with the event, each participating committee must provide funds and incur liabilities equally.

2. Expenditures by Special Committee or Joint Fundraising Agent. A special committee or joint fundraising agent may make expenditures only to defray the costs of a joint fundraising event. Such expenditures may be made from funds provided by sponsoring committees or from proceeds received from contributors.

(c) Attribution and Distribution of Contributions. Contributions received at or in connection with a joint fundraising event must be "attributed" to each participating committee in accordance with one of the alternatives defined in 970 CMR 2.12(2)(c). Attribution is based on gross proceeds received, i.e., no deduction is made to reflect expenditures by a joint fundraising agent or special committee. After attribution, net proceeds must be distributed, in accordance with 970 CMR 2.12(2)(c), to each participating committee.

## 2.12: continued

1. Pro Rata Attribution and Distribution. Unless participating committees agree otherwise, and such agreement complies with 970 CMR 2.12(2)(c)2. or 3., contributions will be attributed equally to each participating committee and each committee will receive equal shares of net proceeds. Prior to purchasing a ticket or making a contribution, contributors must be informed that contributions are understood to be made to each participating committee in equal shares.

a. Attribution. Each contributor shall be understood to be a contributor to each participating committee, and the *pro rata* portion of an individual's contribution, shall be attributed to each participating committee. For example, if a person contributes \$60, and three candidate committees participate in an event, \$20 is attributed to each committee, which amount is applied to the maximum contribution allowed by M.G.L. c. 55, § 7A.

b. Distribution. Net proceeds shall be distributed to each participating committee in equal shares. For example, if three candidate committees participate in a joint fundraising event which receives \$3,500 in contributions, but the joint fundraising agent spends \$500 in connection with the event, each committee is entitled to a  $\frac{1}{3}$  share (\$1,000) of the \$3,000 in net proceeds.

2. Attribution and Distribution Based on Committee Selling Ticket or Arranging for Contribution. Prior to the event, participating committees may agree, in writing, to allocate contributions and distribute net proceeds based on which committee sells a particular ticket or arranges for a particular contribution. Contributors must be informed, prior to making a contribution or buying a ticket, that the contribution will be reported as a contribution to the committee which sold the ticket and the proceeds will be given to that committee.

a. Attribution. Each contributor shall be understood to be a contributor to the committee which sells the contributor a ticket or arranges for the contributor's contribution. For example, if three committees hold a joint fundraising event and one committee sells tickets to six individuals, but the other two committees do not sell any tickets, the contributions would be attributed, in their entirety, to the first committee.

b. Distribution. Net proceeds shall be distributed to each participating committee in proportion to the total amount of contributions arranged by each committee. For example, if three candidate committees participate in a joint fundraising event which receives \$3,000 in contributions, but the joint fundraising agent spends \$1,000 in connection with the event, distribution of the \$2,000 in net proceeds will be determined by the total contributions arranged by each participating committee. If one of the three committees arranged for \$1,500 ( $\frac{1}{2}$  of the total contributions received by the joint fundraising agent), that committee would receive a distribution of  $\frac{1}{2}$  of the net proceeds, or \$1,000. The remaining \$1,000 of net proceeds would be distributed to the other two committees based on the percentage of contributions arranged by each.

3. Distribution Based on Agreement of Sponsoring Party Committees. Prior to the event, if all participating committees are committees organized on behalf of state, city, ward, or town political party committees, the participating committees may agree in writing to distribute net proceeds and allocate contributions based on various objective factors, including factors which objectively measure the relative benefit which should be applied to each participant.

a. Attribution. Attribution of contributions shall be determined in accordance with the committees' agreement. For example, if three town committees agree to attribute contributions based on a contributor's residence, and 50% of the total of \$3,000 in contributions is from one town, 50% of total contributions (\$1,500) would be attributed to that town's committee.

b. Distribution. Distribution of net proceeds shall be determined in accordance with the committees' agreement. In the above example, if \$500 of the \$3,000 total contributed is used to pay expenses, the town committee which is attributed 50% of the contributions would receive \$1,250 (the attributable amount less the event's expenses multiplied by 50%).

2.12: continued

4. Attribution and Distribution by Special Committees. Prior to the event, participating committees involved in a fundraiser by a special committee may agree in writing to apportion contributions and distribute net proceeds according to the types of political committees sponsoring the event. The per contribution share to any political committee may not exceed the individual contribution limit established for that committee by M.G.L. c. 55, § 7A. For example, a party committee and two candidate committees may agree to sponsor an event costing \$6,000 per person, with \$5,000 going to the party committee and \$500 each going to the candidate committees. Contributors must be informed, prior to making a contribution or buying a ticket, that contributions are understood to be made to each participating committee in the agreed upon manner.

a. Attribution. Each contributor shall be understood to be a contributor to each participating committee according to the apportionment set forth in the committee's agreement. Based on the above example, an individual purchasing a \$6,000 ticket to the special committee fundraiser would be contributing \$5,000 to the party committee and \$500 to each of the candidate committees.

b. Distribution. Distribution of net proceeds shall be made in proportion to the contribution apportionment set forth in the committee's agreement. Using the above example, the event's gross receipts would be \$60,000 if ten people contributed. If the special committee paid \$12,000 in expenses, \$48,000 would be left over to divide amongst the committees. The committees' agreement apportioned \$5,000, or 10/12, of every contribution received to the party committee and \$500, or 1/12, to each of the candidate committees. Using the same formula to divide net proceeds would result in the distribution of \$40,000 (10/12 of \$48,000) to the party committee and \$4,000 (1/12 of \$48,000) to each of the candidate committees.

(d) Limitation on Contributions to Joint Fundraising Agents and Special Committees. Fundraising agents and special committees must ensure that contributions received on behalf of candidates and political committees comply with M.G.L. c. 55's limitations on contributions.

1. Contributions Received by Joint Fundraising Agents. Such contributions are subject to the combined limitation of those participating in the joint fundraising event. For example, if three candidates hold an event, and they choose to attribute and distribute contributions on a *pro rata* basis, *i.e.*, as defined in 970 CMR 2.12(2)(c)1., an individual could contribute up to \$1,500, assuming:

- a. the proceeds are divided equally among the candidates; and
- b. the individual has given no other contributions to any of the three candidates during the calendar year.

On the other hand, if the participating candidates choose to attribute and distribute contributions based on which committee sells the tickets, *i.e.*, as defined in 970 CMR 2.12(c)2., an individual could contribute up to \$500 to any one committee selling tickets, assuming no other contributions are made to that committee during a calendar year.

2. Contributions Received by Special Committees. Subject to the combined limitations of the committees participating in the joint fundraising event, contribution limitations to special committees are determined by the method of attribution and distribution agreed upon by the sponsoring committees in accordance with 970 CMR 2.12(2)(c). For example, if two candidate committees and a party committee sponsor an event, the individual contribution limit to the special committee (for individuals who did not previously contribute to the relevant committee(s) during the calendar year) may be either:

- a. \$1,500, if the committees allocate and distribute contributions on a *pro rata* basis in accordance with 970 CMR 2.12(2)(c)1;
- b. \$500, if the committees allocate and distribute contributions based on ticket sales in accordance with 970 CMR 2.12(2)(c)2; or
- c. \$6,000, if the committees allocate and distribute contributions based on committee types in accordance with 970 CMR 2.12(2)(c)4.

3. Treatment of Excess Contributions. A contribution may not be accepted by a fundraising agent or special committee to the extent the contribution exceeds the limits imposed by M.G.L. c. 55. If a contribution is accepted by a fundraising agent or special committee and then later determined to be, in whole or in part, in excess of the amount permitted by M.G.L. c. 55, the excess amount must immediately be refunded by the fundraising agent or special committee to the contributor.

2.12: continued

(e) Identification and Distribution of Contributions Received at Joint Fundraising Events.

1. Contributions over \$50.00 must be by check made payable to the special committee conducting the event, or the joint fundraising agent.
2. All expenditures shall be paid and all proceeds of an event shall be distributed to sponsoring committees within 30 days of the event, pursuant to 970 CMR 2.12(2)(c), to each sponsor.
3. Special committees shall dissolve upon distribution of proceeds.

(3) Reporting.

(a) Each special committee and joint fundraising agent must disclose to the sponsoring candidates and committees, on a form prescribed by the director:

1. the date of the event;
2. the total contributions received by the special committee or joint fundraising agent;
3. the amount paid to the special committee or joint fundraising agent by each sponsoring committee (these amounts will also be reflected, as expenditures, in the campaign finance report filed by a sponsoring committee);
4. the name and address of each contributor, regardless of the amount contributed;
5. the amount contributed by each contributor;
6. the attribution method used and the amount attributable to each sponsoring committee;
7. the occupation and employer of each contributor making a contribution if a participating committee would receive, in connection with the event, \$200 or more;
8. a listing of all in-kind contributions received by the special committee or joint fundraising agent reflecting the date received, the contributor, the residential address of the contributor, the occupation and employer of the contributor (if the value of the contribution, together with any other contribution received from the contributor, would result in a participating committee receiving \$200 or more in connection with the event), and a description of the contribution and its total value (which will be allocated *pro rata* or as agreed prior to the event, among each sponsoring committee);
9. the full name and address of each person to whom an expenditure is made by the special committee or joint fundraising agent, the amount, date and purpose of each expenditure, and a total of all such expenditures, whether from funds received from sponsoring committees or from proceeds of the event;
10. the date proceeds are distributed; and
11. the share of proceeds received by each committee (which will also appear as a receipt in a sponsoring committee's campaign finance report).

(b) The report shall be duplicated by the treasurer of the special committee or the joint fundraising agent who shall provide a copy of the report to each sponsoring committee. The report shall be provided to each sponsoring committee within 30 days of the event.

(c) Sponsoring committees not required to designate a depository by M.G.L. c. 55, § 19 shall file, in paper format, the joint fundraising report on the same day the committee files the campaign finance report which reflects the distribution of proceeds from the joint fundraising agent or special committee.

(d) Sponsoring committees required to designate a depository pursuant to M.G.L. c. 55, § 19 shall deposit all funds received from the joint fundraising agent or special committee within seven days of receipt from the joint fundraising agent or special committee. Thereafter, such committees shall file the joint fundraising report with the director on or before the fifth day of the month following the deposit of the proceeds.

(e) Sponsoring candidates and treasurers of sponsoring committees shall review the joint fundraising report, verify the determination of the share of contributions and expenditures attributable to the sponsoring committee.

(f) Sponsoring candidates and treasurers of sponsoring committees and joint fundraising agents are responsible for ensuring the accuracy of the information contained in the joint fundraising report.

(g) Sponsoring candidates and treasurers shall refund any contribution or portion thereof, of contributions attributed to the candidate, or portion thereof, which, when considered together with other contributions received from a contributor, exceed the limitations of the campaign finance law, including the limitations established in M.G.L. c. 55, § 7A, or is otherwise not consistent with the requirements established by the campaign finance law.

2.12: continued

- (h) Special committees, but not joint fundraising agents, shall also file a statement of organization with the director, prior to receiving any funds or making any expenditures.
- (4) Maintenance of Records.
  - (a) The treasurer of a special committee or a joint fundraising agent must make copies of all records, pursuant to M.G.L. c. 55, §§ 2 and 5, reflecting contributions received and expenditures made in connection with the event and provide a set of copied records to each participating committee.
  - (b) Each committee participating in a joint fundraising event must maintain complete records reflecting expenditures made and contributions received in connection with the activity.
  - (c) A committee participating in a joint fundraising event must donate funds received to a charitable or other entity specified in the residual funds clause of M.G.L. c. 55, § 18, if the special committee, joint fundraising agent, or participating committee has failed to maintain records reflecting the allocation of contributions and expenditures.

2.13: Non-resident Fundraising Events

- (1) Sponsorship of Event. A candidate or elected official will be deemed to "sponsor" a fundraising event on behalf of a non-resident candidate, and will be subject to the reporting requirements defined in M.G.L. c. 55, § 18B, if the Massachusetts candidate or elected official is primarily responsible for taking any one or more of the following actions:
  - (a) Arranging for fundraising events or endorsing fundraising events; or
  - (b) Taking action to encourage attendance at the event.
- (2) A sponsor of a non-resident fundraising event must file the report required by M.G.L. c. 55, § 18B with the director within 30 days of the event. Where an event is sponsored by more than one person, sponsors may file one joint report.

2.14: Failure to File Reports, Penalties

- (1) Campaign Finance Reports, Generally. Failure to file any of the following campaign finance reports required to be filed with the director, in accordance with the schedule specified in M.G.L. c. 55, § 18, will result in the immediate assessment of a civil penalty, pursuant to M.G.L. c. 55, § 3: CPF Forms 102ND, D102, 102PC, and 102BQ.
- (2) Ward, Town and City Committee Reports. Failure to file a campaign finance report that is required to be filed with the director in accordance with M.G.L. c. 55, § 18 on the date that it is due will result in the immediate assessment of a civil penalty pursuant to M.G.L. c. 55, § 3 if the committee has received contributions, made expenditures, incurred liabilities, or acquired or disposed of assets in excess of \$1,000 during the relevant reporting period or during the calendar year.
- (3) Miscellaneous Reports. Failure to file any of the following reports or affidavits required to be filed with the director, within 14 days after notification by the director or his designee that filing in accordance with M.G.L. c. 55 has not taken place, will result in the assessment of a civil penalty, pursuant to M.G.L. c. 55, § 3, commencing on the 15th day after the date of the director's notification letter:
  - (a) Reports of independent expenditures promoting the election or defeat of candidates (CPF Forms 18A and M18A);

- (j) Any other report, statement or affidavit required to be filed by M.G.L. c. 55 or 970 CMR.

(4) Failure to File Timely Reports with Local Election Officials.

- (a) Local election officials shall inspect campaign finance reports (CPF Form M102) within 30 days of the reporting dates required by M.G.L. c. 55 and other reports or statements within 60 days of the date such reports or statements are due.
- (b) If a candidate or political committee fails to file a required report or statement in a timely manner the election official must provide written notification to the person(s) required to file that the report or statement must be filed within ten days to avoid the assessment of penalties.
- (c) If a person who receives notification from the local election official fails to respond within ten days of receiving notice, the election official shall notify the director and furnish the director with a copy of the notification letter required by 970 CMR 2.00 and M.G.L. c. 55, § 28, together with any other information which may be relevant to the referral, such as correspondence from the election official notifying the candidate or treasurer of the due-date of a report or statement, the portion of the ballot containing the candidate's name, if applicable, the statement of organization of the political committee and the last report filed by the candidate.

(5) Requests for Waiver of Penalty.

- (b) Requests for waiver must be in writing and signed by the person who has been assessed a penalty. Such requests may be accompanied by documentation, if any, demonstrating the cause of a delay.
- (c) The filing of a request for waiver does not suspend the due date of a report, statement or affidavit and does not suspend the assessment of the \$10 per day penalty specified in M.G.L. c. 55, § 3.
- (d) The determination of whether "good cause" exists to waive a penalty or portion thereof depends on a number of factual circumstances and shall be made by the director or his designee based upon the specific facts of each case. Examples of "good cause" may include, but are not necessarily limited to:
  - 1. A death, incapacitating illness, or hospitalization of the candidate, treasurer, or other person who has been assessed a penalty, or in the immediate family of such person.
    - a. Requests submitted due to illness or hospitalization must be accompanied by sufficient documentation, which would consist of a doctor's statement noting the name of the patient, the incapacitating illness or hospitalization, and the date(s) of the illness or hospitalization.
    - b. In the case of death, a death certificate or obituary notice would constitute adequate documentation.
  - 2. Serious accident involving the candidate or treasurer or other person who has been assessed a penalty. Requests for waiver for this reason must be accompanied by a copy of the hospital bill, a doctor's statement, or other adequate documentation.
  - 3. Unforeseen severe weather conditions, e.g., hurricane or major snowstorm at the time of filing.
  - 4. Other good cause.
- (e) The following circumstances generally do not constitute "good cause":
  - 1. Postal delay.
  - 2. Change of treasurer.
  - 3. Relocation of campaign office.
  - 4. Forms not received by committee.
  - 5. Ignorance of requirement to file form.
  - 6. Candidate or treasurer moved without notifying OCPF.

## 2.14: continued

(f) The director or his designee shall issue a written determination for each waiver request within 30 days. The request may be approved or denied in whole or in part.

(g) Within 30 days of receiving the director's decision regarding a waiver request, a candidate or treasurer may submit a written request for a hearing to appeal the decision.

1. Within 30 days of receipt of such request, a hearing shall be scheduled before the director or his designee.

2. Hearings shall be brief and informal; rules of evidence shall not apply.

3. At the request of the director, his designee or a person requesting a hearing, such hearing shall be tape recorded and testimony shall be taken under oath administered by the person conducting the hearing.

4. The person requesting the hearing must, unless excused in accordance with 970 CMR 2.14(5)(g)4., be present at the hearing. If the person requesting the hearing is unable to attend due to unforeseen circumstances that person may request that the hearing proceed in his absence. If the director approves the request the hearing may proceed notwithstanding that person's absence.

5. Within 30 days of the hearing, the director or his designee shall issue a written decision approving or denying, in whole or in part, the waiver request. The decision is subject to judicial review in accordance with M.G.L. c. 55, § 3 and c. 30A.

(6) All reports, statements and affidavits referenced in M.G.L. c. 55 or 970 CMR shall be signed under the penalties of perjury.

2.15: Constituent and Legislative Services

An elected officer's political committee may pay or expend money or other things of value for the provision of constituent or legislative services including the opening and maintaining of a district office.

(1) General Expenditures. The following expenditures, as well as any expenditure which is similar to the following and not inconsistent with M.G.L. c. 55 and 970 CMR, shall be permitted by an elected officer's political committee:

(a) The reasonable costs of providing services to constituents including requests for information, assistance in gaining access to governmental services, and responding to district issues and concerns by an elected officer if each of the following requirements are met:

1. the service is provided to a member of the public who is not a family member of the elected officer;

2. the service is provided by an elected officer or an officer's aide in the officer's or aide's official capacity; and

3. the provision of said service is not otherwise prohibited by M.G.L. c. 55 or 970 CMR.

(b) The reasonable and necessary costs associated with carrying out the customary or official duties or responsibilities of a legislator which otherwise comply with M.G.L. c. 55 and 970 CMR, including, but not limited to, payments for the use of meeting rooms, food and beverages provided that such costs are not:

1. usual costs associated with the ordinary course of everyday living or recreational activities, or

2. made primarily for the elected officer's or any other person's personal use.

(2) District Offices.

(a) Political committees organized on behalf of legislators may pay the reasonable costs of opening and maintaining a district office.

1. Examples of such costs may include:

a. the purchase, lease and use of telephones, office furniture, office equipment including computers, copying machines, fax machines, typewriters and postage meters and utilities;

b. the cost of leasing or renting but not purchasing office space; and

c. all other necessary and reasonable costs associated with the opening and maintenance of a district office.

2. All expenditures authorized by 970 CMR 2.15 shall be reasonable and consistent with the use and purpose of a district office.

2.15: continued

3. No district office nor any of the district office's equipment shall be used for the personal use of a candidate or any other person.

(b) Campaign activities may be undertaken in a district office provided each of the following requirements are satisfied and such activity is otherwise permitted by law:

1. Public resources may not be used to support the candidate's campaign. Such resources include, but are not limited to, legislative aides during their work hours, stationery, and other materials or services provided by or paid for by the state or other public entity.

2. Campaign activities may not be performed during the hours the office is open for constituent services, unless campaign and constituent service functions are physically separated and the candidate clearly delineates that part of the office used for constituent services from that part used for campaign purposes.

3. Such use of a district office for campaign purposes must comply with M.G.L. c. 55, § 14.

(3) Campaign Finance Reports. A political committee may file a constituent and legislative services report as an attachment to any campaign finance report in order to identify the purpose of each constituent and legislative expenditure or portion thereof and the total of all such expenditures or portions thereof reported on a political committee's campaign finance report which were made for the purposes set forth in 970 CMR 2.15. The attachment authorized by 970 CMR 2.15 shall be voluntary and does not supersede a political committee's obligation to provide the information regarding expenditures required by M.G.L. c. 55, § 18.

(4) Nothing in 970 CMR 2.15 shall be construed to authorize a political committee to pay for any district office expense which is otherwise paid or reimbursed by the commonwealth.

2.16: State Party Expenditures

(1) Definitions. For the purpose of 970 CMR 2.16 the following terms shall have the following meanings:

Allocable Expense means any expense that may be allocated between the non-federal and federal accounts of a state committee in accordance with regulations promulgated by the Federal Election Commission.

Federal Account means the separate federal account of a state committee established under regulations promulgated by the Federal Election Commission.

(2) All state committee expenditures made primarily for the purpose of aiding, promoting or preventing the nomination or election of any person to a state or local public office must be made from the state account, unless such expenditure is required to be made out of the federal account of the state committee by the Federal Election Campaign Act or regulations promulgated under its authority.

(3) Monetary contributions by state committees to any political committee organized pursuant to M.G.L. c. 55, § 5 must be made from the state committee's state account.

(4) A state committee may transfer, from its state account to its federal account, the full amount of the state share of any allocable expense in accordance with regulations promulgated by the Federal Election Commission.
